	<p>Sepsis Think Tank through EMS committee is lead by Allen Sims. Will occur Spring 2019.</p> <p>Add Pedi committee to all committee agendas to give overview and committee goals for 2019.</p> <p>Full scan imaging is being performed on pedi patients before transfer. Knowledge of pedi imaging dosage can also be a best practice guideline because there is a standard in place. Full scan should not be performed if patient is being transferred. On the corner of the image, you can see the dosage so not to overdose. Educate transfer facilities not to scan if transferring out. TCH does not deny patient under 20. No auto-accept in this region.</p> <p>Recommended pulling mean ED Pedi LOS data for transfers.</p>	<p>collaboration.</p> <p>Add pedi committee update to Trauma and EMS agendas</p> <p>SETRAC to obtain Pedi ED LOS Transfer Data</p>
