DISCUSSION	ACTION/RECOMMENDATION	FOLLOW-UP
<p>2 PEDIATRIC TRAUMA REGISTRY UPDATES – SETRAC</p> <p>The group reviewed the data for GSW's NAT's and auto peds. The following suggestions were made:</p> <ul style="list-style-type: none"> • Add injury zip code to GSW report • Trend GSW-2016-2018 • Sort GSW report by Accidental and Assault <p>A suggestion was made for the group to create a Geospatial zip code map per injury, using the current regional data. The goal would be to provide a report to congress for possible funding.</p>	<p>The suggested data report revision will be provided at the next data registry meeting for approval. Ms. Kat Samuel will work with CDM to make the requested revisions to the pediatric data reports.</p> <p>Mr. Allen Sims will work with SETRAC to create a map. The goal is to have this done by the April 2019 meeting.</p>	<p>Update to be provided at the next meeting.</p> <p>Update to be provided at the next meeting.</p>
<p>3 PEDIATRIC CLINICAL UPDATES</p> <p>No Clinical Updates</p>	<p>No action items or recommendations</p>	<p>Standing.</p>
<p>4 OLD BUSINESS</p> <p>Regional Trauma Plan- The trauma plan is currently in the review process and will be updated in January 2019.</p>	<p>No action items or recommendations.</p>	<p>Standing.</p>

<p>Burns – Deferred.</p>	<p>The group will revisit in 2019.</p>	<p>Deferred.</p>
<p>5 NEW BUSINESS</p> <p>Regional Approach for EMS antibiotic administration in open fractures – The group discussed the topic and reviewed the handouts that were provided via email. All members agree that pre-hospital antibiotics should be given. Suggestions were made for the group to develop a suggested regional guideline, to include:</p> <ul style="list-style-type: none"> • How an open fracture is determined • Type of antibiotics to be given • Correct dosage by weight 	<p>No action items or recommendations. More information will be provided as it is available.</p>	<p>Update to be provided at the next meeting.</p>
<p><i>Next Meeting: January 8, 2019 TBD</i></p>
