| <b>Presenter: Mary Frost</b><br><b>Topic: Huntsville Memorial IAP Level IV</b>           | Mary presented on Huntsville Memorial Hospital's In-Active Pursuit status for Level IV trauma designation. Hospital is now under new licensure. Must start as non-designation as the previous hospital designation was tied to old license which is now canceled.   | The committee has no further recommendations  |
| <b>Presenter: Dr. Michelle McNutt</b><br><b>Topic: Trauma Plan Approval Pgs. 16-28</b>   | Pediatric guidelines will be discussed and the pediatric and EMS Committee meetings.<br>Committee recommended additions to the performance improvement section to include regional projects, what is done with the data, and possible benchmarks. All revisions approved but will continue to improve this page and update the pediatric transport guideline.                                     | Trauma plan will go to Board for approval   |
| <b>Presenter: Dr. Michelle McNutt</b><br><b>Topic: Pre-Hospital Ketamine Usage</b>       | Discussed developing a regional dosage protocol. Need suggested dosage guideline for pain management. Weight based dosage. Noted law enforcement should not be able to make decisions for EMS. EMS leadership needed in the protocol and send to EMS committee for review. Max dosing and re-dosing recommendations for pain. This will be a best practice protocol, not a dictation of standard. | Follow up at next meeting   |
| <b>Presenter: Eric Bank</b><br><b>Topic: Whole Blood</b>                                 | Making progress. Hospitals are coming online and working with the Blood Bank. Gulf Coast is willing but cannot ensure viable life cycle.
