TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Shelley White Topic: Call to Order/Approval of Minutes	Shelley called the meeting to order. The minutes from the meeting on December 18, 2019 were approved with no changes.	The committee has no further recommendations
Presenter: Darrell Pile Topic: Stroke Data Meeting Report	Darrell Pile spoke to subcommittee regarding letter to CEOs that will be sent with the CEO report. Coordinators will now receive a copy of the letter. Questions that can be asked: • If total tpa admin rate is under average, why? • If tpa admin rate for patients within the window is under regional avg of 55%, why? • What resources or process improvement is needed to be a market leader? • Education needed for referring EDs? • Process for EMS feedback and how often this is performed? Focus has been on D2N times that the admin rates have gotten lost. Also announced that Amy Iademarco is now longer full-time at SETRAC. Clinical department is now being reconstructed.	The committee has no further recommendations
Presenter: Donald Garrett/Allison Capetillo Topic: CSC LVO Data	LVO data form still in the process of getting report setup. GWTG is essentially ready. Extension on data submission to March 31 st as fix will be in place on March 18 th .	Progress update will be provided at next meeting
Presenter: Allison Capetillo Topic: AHA Report	Target Stroke updates reviewed. Goal for D2D is 50%. SETRAC numbers have decreased since last presentation. Alteplase admin rate at 14.7%. Reminder, MH data is not included in AHA data. MH aggregates data through UT database for MH System. Committee requested that AHA benchmark SETRAC data to other RACs. Updates from ISC presentations provided. EMS Acute Stroke Transport algorithm shared. AHA Grant funded project: TM/RI discussed. Requested help in informing the ED providers to fill out the survey and return by March 18 th . Allison to track	Committee requested AHA benchmark SETRAC data to other RACs. AHA slide deck will be sent via list server. Allison to send electronically

SETRAC Stroke Coordinators Subcommittee

	hospitals that submit survey. Survey reviewed. All data/information submitted will be de-identified. Recommended adding "no contraindications" and "within the window" for "otherwise eligible" to the Case Scenario. Add – at your hospital to method question. Recommended adding "multiple" to the ED participation to stroke committee question.	
Topic: Open Discussion/Announcements	Questions regarding the SETRAC Awards application were answered. Genentech updated provided. Suzanne will cover Houston. Requested feedback on current status of the organization. Role changes include more area coverage and therapeutic area manager; working with System. Education on Deficiencies on March 17 at 10am and 2pm. Will send to electronically. CHI St. Luke's The Woodlands recent survey was a success. DNV surveyors were looking at the same information as prior. Will not be adding tPA within 30 minutes to the requirements because it may not be the safest goal. Regarding the flush, surveyor wanted to ensure the bolus and drip should all be in in 60 minutes. QI Projects from ISC will be added to the next agenda.	Add ISC QI Projects to the next agenda
Adjournment / Next Meeting	There being no other items for discussion, Shelley adjourned the meeting. Wednesday, February 26, 2020 at 12:00pm to 1:30pm SETRAC Conference Center	The committee has no further recommendations
