

SETRAC Stroke Data Subcommittee

Wednesday, June 23, 2021
SETRAC Conference Center, 1111 N. Loop West, Suite 160, Houston, TX 77008
Virtual Meeting

Page 1 of 1

TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Topic: Call to Order and Approval of Minutes	Meeting called to order. Minutes from May 26, 2021, were approved with no changes.	The committee has no further recommendations
Presenter: Tonya Carter Topic: New attendance tracking	Attendance will now be tracked by going to www.setrac.org/stroke . Select the appropriate committee type and follow the instructions on the meeting attendance form. This is also where you will enter your code words.	Complete attendance requirement after each meeting.
Presenter: Grace Farquhar Topic: New Data Elements and 2021 Q1 Data Review	Q1 2021 data reviewed. 32 out of the 34 designated stroke centers reported 3,230 strokes in Q1, the majority being Ischemic strokes. TPA administration data reviewed. Method of arrival of stroke patients reviewed, no drastic change from previous quarters. Would like a trendline added to the slides for review of data. Will be updating database and will be using new data metrics going forward. All instances of TPA will be changed to alteplase. Reasons for delay in administering TPA will be added. Patients transferred in and out will be broken down by classification of stroke. Door in door out times will be changed from 60 minutes to 120 minutes. MSU are showing a decrease in long term disability after a stroke. Would like a data point added for MSU alteplase administration eventually. Stephanie Parker will assist with this as the number of MSU increase.	Grace will add trendline to data.
Open Discussion	TNK administration data could be added in the future.	The committee has no further recommendations
Next Meeting/Adjournment	There being no other items for discussion, the meeting was adjourned. Wednesday, July 28, 2021 at 11:00am – 12:00pm - Virtual Meeting	Code Words: Fishing / Worms
