Presenter: Tonya Carter Topic: New attendance tracking	Attendance will now be tracked by going to www.setrac.org/trauma . This is where you will enter your code words.	Complete attendance requirement after each meeting
Presenter: Grace Farquhar Topic: Q2 2021 Data Review	Q 2 2021 data reviewed. If you currently need to submit data, it will not be reflected in this report. Data was collected for patients over 16 years old, even if treated at a pediatric facility. Arrivals to hospital for trauma related injuries have slightly declined the first two quarters. Admissions by trauma level have fluctuated as facilities have closed or changed designation level. Reviewed data for ISS and ISS with mortality data. The higher the ISS the higher the chance for mortality. Missing ISS numbers have improved in Level IV facilities. Top 5 Mechanisms of Injury for adults reviewed numbers are trending down overall. Death by location data reviewed. Death by disposition would be more specific than death by location. All deaths should have a location and not be listed as "not applicable". Q1 and Q2 2021 Pedi data reviewed, includes patients 15 years old and younger. Numbers for May and June 2021 is not accurate and will change once Q3 data is submitted.	The committee has no further recommendations
