TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Shawna Robinson / Tracy Akin Topic: Welcome and Introductions	The minutes from the January 12, 2022, meeting were approved as written.	
Presenter: Olga Otega Topic: Non-PCI Toolkit Revision Updates	Olga Ortega has made adjustments and changes to the Non-PCI toolkit and shared those with the subcommittee. Date/Time/Completed By fields were added to lines on the STEMI treatment order form as well as Date/Time/Ordering Physician added to the end of the form for documentation purposes. The form has been sent to Dr. McCarthy for review.	Revised document will be sent to the workgroup for review.
Presenter: Grace Farquhar Topic: Data/QI • Focus on First Hospital DIDO Times • New Data Points Topics / Ideas • Data Abstractor Education	DIDO numbers are fluctuating and could be due to COVID or could be an actual reflection of the true numbers. Education will be pushed out if needed if the data shows to be a true reflection of the trends of Lytics being administered. New data points such as door to balloon, first medical contact, and patient transfers for DIDO are potential areas that could be collected. Some data points will remain optional for now until facilities can gather the information needed. Looking at another six to eight weeks before the database would be updated to collect the information. SETRAC can now receive data from Texas CARES, a workgroup to decide which data points could be reviewed and potential topics for papers to be written. Please let Grace Farquhar know if you are interested in joining the workgroup.	The committee has no further recommendations
Presenter: Christy Means / Catherine Bissell Topic: Education • Call for Volunteers! • Cardiac Care Education Series • Education Topic Survey Results	Based on the feedback of the survey, a four-part education series will be taking place before the Cardiac Committee meetings. The series will be recorded and uploaded to Rac.edu after each series. Christy has taken on a new role; a new potential lead will be partnering with Catherine Bissell with the education for the Cardiac Committee.	The committee has no further recommendations
