

SETRAC Stroke Data Subcommittee

Wednesday, June 22, 2022
SETRAC Conference Center, 1111 N. Loop West, Suite 160, Houston, TX 77008
Virtual Meeting

Page 1 of 1

TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Susan Zamora Topic: Call to Order and Approval of Minutes	Minutes from the May 25, 2022, meeting was approved with no changes. Please go to www.setrac.org/stroke to complete attendance form to receive credit for attending.	The committee has no further recommendations
Presenter: Grace Farquhar Topic: New Business Get with the Guidelines Data Submission	At the previous Stroke Data Subcommittee meeting SETRAC obtaining stroke data directly from Get With The Guidelines for the hospitals that are willing to allow SETRAC access to that data was discussed. The state is wanting RACs in the next few years to begin doing a robust self-assessment of how they are doing in the region for stroke care. This will include patient outcome, EMS involvement, and long-term care facilities. A deeper dive is needed to look at data for the regional system of care that will include looking at record level data to calculate what the regional median door to TPA times are and what the transfers look like. Patient level data will be pulled on a system wide standpoint. Individual patient record data will not be pulled. Any concerns regarding the data being pulled please let Grace or Lori know. There will be a letter sent to the CEOs for clarity on what data will be collected and how it will benefit everyone in the region. The state has a technical and executive committee they are just building it out once the clinical committee is up and running, they will add additional people. From our regional standpoint the facilities will be the driver at what we should look at and what would make the most impact with the information received for quality improvement in our region. If anyone is interested in being on one of the state committees let Lori know.	The committee has no further recommendations
Open Discussion	Kerri at SE Memorial Hermann asked when the regional report for stroke will be coming out for 2022. Grace advised that Q1 and Q2 of 2022 was sent out in December she will send it out to those who have not received it. Q3 and Q4 are being finalized and will be out in the next couple of weeks.	
Next Meeting/Adjournment	There being no other items for discussion, the meeting was adjourned. Next meeting will be Wednesday, July 27, 2022, at 1:00am – 2:00pm.	Code Words Run/Hop
