

SETRAC STEMI Coordinator Meeting

Wednesday, July 28, 2023
Virtual Meeting

Page 1 of 2

TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Carrie Boyd/Rebecca Nut Topic: Welcome and Introductions	Rebecca Nut welcomed the members in person and online via zoom. The meeting minutes from the May 31, 2023, were approved with no changes. Reminder to log attendance at www.setrac.org/cardiac . This is where you will enter your code words.	The committee has no further recommendations
Presenter: Rebecca Nutt Topic: New Business STEMI Coordinator Bootcamp	Rebecca gave the floor to Melanie Aluotto to follow up from the last meeting and give an update on the stroke bootcamp process. Melanie mentioned the stroke committee is working on presentation topics. They are focusing on presenting topics that would be helpful to any inexperience coordinators, as well as areas of opportunities for growth. Melanie asked all members for any ideas, suggestions or feedback. There was open discussion on the different helpful topics. Some ideas and suggestions from the members were, a presentation explaining SETRAC and their role, a presentation from the data and registry team especially for new coordinators, a lecture on how to do a workout to improve areas of struggles at your facilities. Members volunteered to share information on different practices from their facilities with other facilities for improvement across the board. Melanie suggested we create a best practice calendar, so every meeting another hospital can present and share their best practice. There was open discussion about best practice vs. bootcamp. There was a question on a place to post available positions on the SETRAC site. Melanie will look into that. Rebecca reminded all members that even though there is a virtual option, please try to attend the in-person meetings that follow the cardiac committee meetings quarterly.	The committee has no further recommendations
Presenter: Grace Farquhar Topic: SETRAC Data Updates	Grace reminded the members that Q2 data is due 8/31/2023. She mentioned EMS committee will be meeting next month to look over data metrics they want to review. She stated that she did provide them with feedback from this committee last meeting, so more to come on that. She asked the member was there any initiatives this group would like to focus on, that we could look more at the data. She stated any ideas on or any data in specific they might want to see, let her know. Grace encouraged the committee to provide insight on what's	The committee has no further recommendations

SETRAC STEMI Coordinator Meeting

	happening at their facilities and what data we should be looking at as a region, that could be discussed at the next meeting.	
Open Discussion	There was open discussion from the members on community outreach opportunities. There was a discussion on CPR and EMS agencies. The Cody Stevens foundation was mentioned. A member stated they are looking to meet with SETRAC. The are currently working with the EMS committee, but the member felt they should connect with the cardiac committee as well and he has connected them with Dr. Schulz. There was more discussion between the members, on how to do community outreach to numerous school districts. The members discussed different programs that already exist for students. Some programs that go out to schools to teach, as well as bring students to the hospital for hands on education.	The committee has no further recommendations
Next Meeting/Adjourned	There being no other items for discussion, the meeting was adjourned. Upcoming Meetings: Next STEMI Coordinator Meeting September 6th at 9:00am via zoom Next Cardiac Committee Meeting –October 20th at 9:00-10:30am	Code Words Backpack/School Bus
