| TOPIC                                                                                                                                                                                                                                                                      | DISCUSSION/RECOMMENDATION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | ACTION/FOLLOW-UP                             |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------|
| <b>Presenter: Carrie Boyd/Rebecca Nut</b><br><b>Topic: Welcome and Introductions</b>                                                                                                                                                                                       | Carrie Boyd welcomed everyone. The meeting minutes from the October 20, 2023, were approved with no changes. Reminder to log attendance at <a href="http://www.setrac.org/cardiac">www.setrac.org/cardiac</a> .                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | The committee has no further recommendations |
| <b>Presenter: Melanie Aluotto</b><br><b>Topic: New Business</b> <ul style="list-style-type: none"><li>Heart of the Matter</li></ul> <b>Presenter: Melanie Aluotto</b><br><b>Topic: Old Business</b> <ul style="list-style-type: none"><li>Best Practice Calendar</li></ul> | <p>Melanie informed the members of the task to get a Hands Only CPR program up and running. She stated after speaking with members from other services lines, the opportunity to do a program that can combine all, related to blood pressure as well would be great. The idea is to do a collaboration with all the service lines Stroke, Cardiac and Perinatal. Currently there is no location, time, or date. SETRAC is looking at The Community of Faith Church as the first location. Choosing this location is based on data from high-risk areas for mortality related to Blood Pressure. The goal is to provide education, resources, a BP log, as well as BP monitors. Melanie asked for volunteers or anyone that has ideas or interest in being a part of this program. There was open discussion between the members. There were questions and idea on the process, and numerous members volunteered to be part of the planning committee. SETRAC believes this would be a great opportunity for the committees to get out in the communities to give education and awareness to underprivileged neighborhoods.</p> <p>Melanie reviewed the best practice calendar with the members. She reminded the members; it's a 10-15 mins long presentation and the purpose is to share their best practice from their facility with others. She informed all, if there were any changes needed to be made to the presentation schedule, it could be done at any time. Katy from HCA Southeast stated she can present at any time if another facility isn't available to present at scheduled date. The dates and times were confirmed. All meetings, In-person and virtual will start at the same time 10:30-11:30am. There was general discussion on presentations length of time and topics.</p> | The committee has no further recommendations |

| <p><b>Presenter: Grace Farquhar</b><br/><b>Topic: SETRAC Data Updates</b></p><br><br><br><br><br><br><br><br><br><br><p><b>Presenter: Melanie Aluotto</b><br/><b>Topic: Prehospital EKG Process Mapping</b></p> | <p>Grace reminded the members that Q3 2023 data was due 11/30/2023. Grace was excited to share the news that 99% of facilities submitted data. Only 1-2 hospitals are missing data. She also informed the members that there will be an update in that data base, which really doesn't affect this group very much. Grace spoke generally about a question regarding Transfers, that previously came up. She stated that she reached out to NCDR regarding to their definition of Transfer. Grace discussed the NCDR latest definition of Transfers as of July 1<sup>st</sup>. There was open discussion on that. There was a question asked about that status of CEO reports. Grace stated there will be some changes with the CEO reports. She stated there will no longer be separate CEO reports for each service line. The CEO reports for all services lines will all be included in one email. All information sent out will be retroactive. There is no current date on when the CEO reports will be ready and emailed.</p> <p>Melanie discussed the Prehospital EKG Process Mapping. She talked about the NCDR new required measure to get the 1<sup>st</sup> EKG signed and dated STEMI/NOT STEMI by the ER physician. Melanie stated it has been clarified and it's expected that all EKG's coming from EMS is signed and dated from the ER physician. All data going into the registry is required to have that. Melanie created and showed a white board to the members to focus on the required new data for NDCR. She offered to assist all facilities with creating a while board to review their data in their own facilities. There was lots of discussion and questions on the charts and information that could, and she should be reviewed. Different barriers were discussed with lack of education, the nurse &amp; physician communication, EMS awareness, insufficient documentation, flow processes, and pulsara are a few issues that were discussed. Melanie asked the members if they would like to create a workgroup specially connecting with someone from the EMS committee. There was more open discussion on identifying next steps to get through the barriers. Melanie stated that she will send out the information from the white board and continue this conversation at the next coordinators meeting.</p> | <p>The committee has no further recommendations</p> |

## SETRAC STEMI Coordinator Meeting

Wednesday, December 6, 2023  
Virtual Meeting
