TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Tonia Shelton Topic: Call to Order/Approval of Minutes	Tonia called the meeting to order. Minutes from August 23, 2023 were approved with no changes. Attendance will now be tracked by going to www.setrac.org/stroke . This is where you will enter your code words at the beginning and end of the meeting.	The committee has no further recommendations. 1 st Code word - Wet
Presenter: Tonia Shelton/ Melanie Aluotto Topic: New Business ○ Vacant Stroke Coordinators Subcommittee Leader Position ○ Interfacility thrombolytic transfer tool	Tonia informed the members there is an open leader position. She explained the leadership role and ask for any volunteers that might be interested. There were no volunteers at this time. Tonia stated anyone with interest in the co-leader position can reach out to her or SETRAC. Melanie talked about the interfacility thrombolytic transfer tool possibility. She mentioned a situation, which brought up lots of questions on this topic including... Is there is some sort of guideline for the region? Melanie suggest we, as a committee request from EMS transport service to discuss their requirements in route with thrombolytic and potential for transfer guideline. As well as more discussions on Vitals/GCS/Pupils/NIH. She asked for feedback and suggestions from the members, if this topic is something that should be worked on. Melanie asked the members if they were interested in volunteering and creating a workgroup to start working on this initiative. Reaching out to the EMS partners to assist as well. There was open discussion on this topic between the members.	The committee has no further recommendations
Presenter: Amanda Stiger Topic: Stroke Education Workgroup ○ HCA Northwest ○ ED RN Stroke Guide/Checklist	Amanda Stiger, Stroke Coordinator from HCA Northwest presented on ED RN Stroke Guide and Checklist. Amanda showed slides on ED stroke process from the activation of the stroke team to the administration of TNK. She showed an ED Nurse Stroke Guide checklist focused on set treatment goals, so nurses have an idea, timewise of where they need to be. With this checklist process, nurses meet their door to needles time and door to puncture time goals. She also showed a slide with a check list for ED RN NIHSS Handoff and ELVO RN Handoff. Amanda stated since creating this check list, her teams in the ED has seen major improvement. She is willing to share any of the information she has presented today, if any members are	The committee has no further recommendations

	interested in duplicating her check lists. There was open discussion on the topic of this presentation.	
Presenter: Susan Zamora/Stacey Day Topic: Stroke Data Subcommittee Subcommittee Update	Susan didn't have much to recap from the data meeting, as that meeting was canceled due to inclement weather. Grace recapped on the last meeting. She talked about the initiative that came down from the Stroke Committee. Looking into demographics to see if there is a specific area that may need to be targeted and to see how well rehab utilization is being used in a specific area. Grace stated with rehab utilization the Data Subcommittee have concluded what metrics are needed to pursue that initiative. It would now be the Stroke Coordinators Subcommittee review of the data more in depth to determine if there are any additional need for data or metrics. She shared her screen and reviewed data from an interactive dashboard on the SETRAC website that was created to review this information. She informed the members; this dashboard is password protected specifically created for the data committee to review this data. This information should not be shared. She stated once all data has been updated on this dashboard SETRAC will send out a link for data committee members to have access to review. Melanie sent the link out during this meeting. Any additional metrics will go back to the data subcommittee before coming back to the coordinators. Grace discussed extended window strokes; she stated once the data subcommittee agrees on the metrics then that information will also come back to stroke coordinators to start looking into that data.	The committee has no further recommendations
Presenter: Melanie Topic: Stroke Education August Best Practice Education	Melanie discussed and showed the members the 2024 Stroke Education Calendar. She let the members know, if they need to make any changes to their scheduled presentation date, just let her know. The 2 hospitals to present for March 2024 are Houston Methodist TMC and Ben Taub General.	The committee has no further recommendations
Open Discussion	Tonia talked about the success of the Stroke Bootcamp. There was no additional open discussion.	The committee has no further recommendations.
