	The dashboard is a public health tool developed in part by Houston District C Council Member Abbie Kamin and the Houston Health Department (HHD) to show real-time trends in firearm-related injuries across Houston. It integrates data from Level I trauma centers (Ben Taub, Texas Children's Hospital, Memorial Hermann), emergency departments visits, EMS/911, police, and mortality records to deliver a comprehensive picture of firearm incidents citywide. The dashboard is hosted by the Houston Health Department website at: HoustonHealth.org/SafeWatch
