TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Jessica Yell Topic: Call to Order/Approval of Minutes	Jessica Yell called the meeting to order. Meeting minutes from December 11, 2025, were approved by Sarah Beth Abbott and Annika Butler as written. Jessica advised attendance would be tracked by QR Code or by going to www.setrac.org/pediatrics at the end of each meeting to get credit for attending that meeting.	The committee has no further recommendations
Presenter: Bridges Kaminiski Topic: New Business Expanding Access to Virtual Behavior Health: An Overview of Charlie Heath's IOP Model"	Bridges Kaminiski, LCSW, with Clinical Outreach Manager, Charlie's Health, Houston, TX gave an overview of their behavior health program and other resources in that area. Continuum of Care in Behavior Health Treatment - Behavioral health treatment spans a continuum, from weekly outpatient therapy to intensive inpatient care. - Intensive outpatient programs (IOPs) like Charlie Health's virtual IOP, offer a balanced level of care – more structured than traditional treatment but still flexible enough to fit into clients' lives at home. - Their IOP fills this crucial middle ground, allowing clients to access the right support of their needs, wherever they are on their healing journey. 360 degrees Treatment Ecosystem was shared - Programming - Wrap-Around Care Identifying Clients for Charlie Health Best Fit - Need more than once-a-week therapy but not 24/7 care - Stepping down from a higher level of care, such as inpatient - Age 8-64 in a state served by Charlie Health - Active insurance coverage or ability to self-pay	The committee has no further recommendations
