TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Dr. Waleed Kayani/ Cathy Williamson/ Jake Varner **Topic: Call to Order/Approval of Minutes**	Cathy Williamson welcomed everyone to the meeting. The meeting minutes for April 24, 2026, were approved. Reminder to log attendance at www.setrac.org/cardiac. There will be 1 codeword at the end of the meeting.	The committee has no further recommendations
Presenter: Melanie Aluotto **Topic: New Business** ○ PCI Capability Survey ○ 4-Minute City Project	Melanie presented a regional PCI capability survey draft based on facility submissions, requesting review and feedback to ensure accuracy before submitting to the EMS committee. Melanie also covered the new 4 Minute City project being developed with the American Heart Association and Fort Bend County, aimed at ensuring access to hands-only CPR and AEDs within four minutes of cardiac arrest incidents. The group watched a video about a successful cardiac arrest response involving community care team members and AEDs, which demonstrated the effectiveness of their "By 4 Minute City" program aimed at having 200 AEDs and care team members throughout the community.	The committee has no further recommendations
Presenter: Houston Methodist Baytown- Shawnette Joubert **Topic:** ○ Reset after leadership changes	Shawnette Joubert from Houston Methodist presented her approach to reset and improve performance following leadership changes and declining data metrics in her hospital's cardiology department. She shared how she implemented concurrent reviews involving multiple teams through Epic Secure Chat to track and improve the 90-minute timeline for STEMI patients. Shawnett also demonstrated two tracking formats she uses to monitor delays at different stages of patient care, emphasizing the importance of process improvement and accountability across emergency medical services, emergency departments, and interventional cardiology teams. Shawnett talked about challenges with Pulsara implementation in rural areas and discussed strategies for improving door-to-door times for STEMI patients, including better documentation practices and provider accountability measures.	The committee has no further recommendations
Presenter: Micah Panczyk **Topic: TEXAS CARES Data Update**	Micah Panczyk presented a Texas CARES update, highlighting demographic characteristics and patient outcomes for Q1, including a 31% sustained ROSC rate in SETRAC compared to 26% in Texas and	The committee has no further recommendations

	nationally. He emphasized the importance of telecommunicator CPR (TCPR) in improving bystander CPR rates and survival outcomes, particularly for Utstein patients. Micah offered to work with the committee to organize a CARES enrollment webinar and provide support for agencies interested in using the TCPR module.	
Presenter: Melanie Aluotto **Topic: Old Business** ○ QI Referral Program ○ Best Practice Calendar ○ Heart of the Matter Program	Melanie reminded the members of the QI program. Melanie presented a link on the SETRAC website, so all members would have access to it. She informed all members if there are cases, trends or any events where there might be concerns, these things can now be referred to the QI program. Melanie reviewed the best practice calendar and mentioned the Heart of Matter program. Upcoming Heart of the Matter events are August 8th Houston Marathon and August 20th at 2nd Baptist church. She encourages all the members to volunteer.	The committee has no further recommendations
Presenter: Cathy Williamson/ Patrick Byrnes **Topic: DIDO Workgroup Update**	Cathy gave the DIDO Workgroup update. The group reviewed and approved a Dido toolkit containing guidelines for STEMI drug kit implementation, including medication dosing, timeline worksheets, and contact information. A concern was raised by Price about the specific dosing language for morphine, which led to a discussion about the need for local committee review before implementation. The team agreed to add a disclaimer to the document stating it's a guideline and not medical advice, requiring local approval before implementation.	Melanie will be in contact with Fidel (SETRAC) special populations manager, for assistance with connecting with PCI facilities.
Presenter: Timothy Sphar **Topic: STEMI Coordinator Subcommittee**	Tim provided an update on the STEMI coordinator subcommittee, discussing plans for distributing the DIDO toolkit and increasing participation in events like Heart of the Matter.	The committee has no further recommendations
Presenter: Cynitha Hernandez/ Grace Farquhar **Topic: Standing Reports** ○ Q1 2026 Regional Data Review	Grace presented Q1 2026 data showing 92 out of 37 PCI facilities submitted complete data, with three hospitals still missing some data. The team discussed concerns about declining EMS arrivals and increasing transfers to freestanding EDs, with Grace noting they would explore revisiting marketing campaigns to encourage 911 calls, though budget constraints currently prevent this. Key metrics showed 95.8% of	The committee has no further recommendations
