TOPIC	DISCUSSION/RECOMMENDATION	ACTION/FOLLOW-UP
Presenter: Blake Milnes Topic: Call to Order/Approval of Minutes	Blake Milnes called the meeting to order. Approval of the February 5 th minutes were by approved by Kristen Beckworth and Eric Parmley. LeAnne Young and Jessica Yell approved the April 2 nd minutes. Blake advised attendance is tracked by the QR code at the end of the meeting or by going to www.setrac.org/injuryprevention.com . and that he will give a code word at the beginning and end of the meeting to use when logging in attendance. The QR code expired so everyone was asked to log their attendance by using the link.	The QR Code to log attendance expired Carrman will update the QR code for the next meeting. Everyone was asked to log their attendance by using the link for this meeting.
Presenter: Alyssa Badillo Topic: New Business Best Practice Education Presentation ○ MCI Drill	Alyssa Badillo, Trauma Injury Prevention and Outreach Coordinator with Harris Health reported on an MCI drill they had in May. She included those who collaborated with her on the drill Ashley, Emergency Preparedness Disaster Preparedness Manager and Stephen Mora, Trauma Program Manager for Ben Taub Harris Health, and Suzanne Curran with SETRAC to add input. The MCI drill was conducted at Ben Taub Hospital May 14, 2026, involving 50 students acting as patients to test the hospital's emergency response capabilities. The drill took 6 months to plan. It involved multiple agencies including SETRAC, Memorial Hermann, Texas Children's hospital, LBJ, and the Houston Zoo testing the hospital's MCI surge capacity. The drill simulated an explosion during FIFA events with multiple casualties requiring triage, decontamination, and surge capacity testing across the hospital system. Alyssa, Ashley, and Stephen detailed how they planned the exercise over six months, involving multiple departments and agencies MCI Drill Evaluation Results They identified key areas for improvement including communication with frontline staff, establishing clear command structures, cross-training for incident command roles and better discharge management processes. Ashley led the incident command and designed a questionnaire for students to evaluate the process, which revealed key areas for improvement including communication with frontline staff, establishing clear command structure, cross-training for incident command roles and developing better discharge processes. The drill successfully identified	The committee has no further recommendations

○ GETAC Statewide Trauma and Injury Prevention	opportunities for enhancing patient throughout and staff roles, with participants noting the effectiveness of using moulage (simulated injuries) to create realistic scenarios. The team discussed presenting the exercise results nationally and emphasized the importance of C-Suites leadership involvement in such drills. The committee discussed updates on the Statewide Trauma Injury Prevention Plan which aims to develop a strategic plan for ACS consultation in Q2 2027, with quarterly meetings open to public participation.	
Presenter: Blake Milnes Topic: Open Discussion Around the Room Updates	Stop the Bleed Carrman advised that SETRAC had a lot of request for August to teach stop the bleed to a new charter school staff and nurses in Texas (International Leaders of TX). She advised in the meeting how many instructors were still needed. Carrman thanked the instructors who have been submitting their data to the 3 data bases (ACS, SETRAC, and TX Coalition) Carrman gave the 2nd quarter report on stop the bleed classes taught, and the number of people trained (April - June). The numbers were low due to classes being placed on hold (May-July) during FIFA World Cup. There were 260 trained and 18 classes taught. Community Update Carrman and Sara Whitfield from Memorial Hermann TMC will be demonstrating stop the bleed at the Top Ladies of Distinction Healthy Choices Health Connections Community Fair on September 26th from 10:00am -2:00pm Kristen Beckworth and Sara Beth Abbott reported on upcoming community events including Child Passenger Safety week (September 20-26) and a car seat check event (Saturday September 26, 2026). Chief Dudley from Fort Bend County EMS presented a concerning trend of	The committee has no further recommendations

	parents refusing emergency medical transportation after near-drowning incidents, potentially due to cultural differences or confusion about healthcare facility levels, highlighting the need for better education about when to seek hospital care versus urgent care. Suzanne introduced the Kailee Mills Foundation, who will be presenting at the October 1st meeting. The link to Dr. Shenoi' article on drowning was displayed. Suzanne took a vote to see if the committee agreed with putting the article on the website. Everyone agreed.	
Next Meeting/Adjournment	There being no other items for discussion, the meeting was adjourned Next meeting will be held on Trauma Day Thursday October 1, 2026 -10:00am – 11:00am. In Person encouraged.	The committee has no further recommendations
